Trainee Site Manager

# WHAT DO YOU ENJOY MOST ABOUT YOUR ROLE?

"I enjoy that every day I come into work I am presented with new challenges and opportunities to learn. Every day on site is completely different, allowing interaction with people from all different walks of life but ultimately sharing the same goal of delivering a successful project.

The fast-paced environment offers many challenges allowing great room for growth while taking on responsibility and having the support from Hill's widely experienced team. Working with Hill so far has been very enjoyable, and I can't wait to see the variety of projects the company has to offer."

# WHAT IS YOUR FAVOURITE HILL DEVELOPMENT AND WHY?

"So far, I have only worked on Aylesbury FDS which is a regeneration of Aylesbury Estate based in Elephant & Castle. Aylesbury Phase A is a huge project where I've managed to learn loads already and felt welcomed by the team. Phase A is near completion, and I can't wait to help the team get this one over the line."

# WHAT WAS YOUR CAREER PATH INTO YOUR ROLE AND WHY DID YOU CHOOSE THE CONSTRUCTION INDUSTRY?

"The construction industry was always somewhere I had seen myself working in one day, as I come from a family where the majority work within the industry. After completing my A-Levels I worked on the tools for a year with my father and other tradesmen, helping me gain an insight into what the construction industry was like. Combining this experience and my early passion for construction, I felt the Hill Management Trainee Programme would be a great place to start my career, and I was not wrong."

# WHAT IS YOUR GREATEST ACHIEVEMENT AT HILL?

"From only being at Hill for a short period of time, I would have to say my greatest achievement so far would be getting a place on the Management Trainee Programme. It's given me the opportunity to grow both academically and practically, combining key on-site experience and has allowed me to study for a part time degree."

# ANYTHING ELSE YOU'D LIKE TO MENTION ABOUT YOUR ROLE?

"The best part about working for Hill is without doubt the team. I have been given the opportunity to rotate throughout different roles within the company. Every department has greeted me very well, making me feel part of the team from the very first day."
