

**RYAN HARRIS**  
Regional Director

# WHAT WAS YOUR CAREER PATH INTO YOUR ROLE?

Upon leaving school, I enrolled myself into the CITB Construction College, based in Bircham Newton. After a year's residential course, I started a Trainee Management position with a building contractor. I chose construction due to the opportunity to work with others in challenging yet exciting environments.

I enjoy piecing materials together to create structures and homes that will last a lifetime.

# WHAT IS YOUR GREATEST ACHIEVEMENT AT HILL?

My greatest achievement was winning the NHBC Seal of Excellence award in 2011. Being recognised as one of the best Site Managers in the industry was a fantastic personal achievement and something I look back upon with great pride.

# WHAT IS YOUR FAVOURITE HILL DEVELOPMENT AND WHY?

Mosaics in Oxford offers a mixture of apartment living and low-rise residential housing with varying specification levels and a high proportion of affordable housing. Mosaics has a wonderful public realm, a striking architectural concept and the new homes have been finished to a superb standard.
