

The Hill Group is an award-winning housebuilder and we are committed to prioritising health and safety. We actively engage and inform local communities about the work that we do, and site safety is a particularly important message to share. In this booklet, embark on an exciting journey with Jack and Jill to learn about site safety!

THE ULTIMATE SITE SAFETY GUIDE

This booklet is responsibly printed on 100% recycled paper

WELCOME TO OUR SITE SAFETY ACTIVITY GUIDE!

The world around us is constantly evolving. From new homes to shops and offices, construction projects are a common sight in every neighbourhood. So, it's important to understand the dangers and hazards present on building sites and learn how to stay safe in these areas.

In this booklet, The Hill Group's trusted mascots Jack and Jill will safely guide you through our construction site and teach you what clothing you need to wear and what hazards to look out for! Once you have completed all the activities, you will be a site safety champion!

**Are you ready
to learn how to
stay safe on a
building site?**

Hello Parents / Carers — This booklet is designed for primary-school aged children to teach essential safety principles, helping to prevent injuries and protect them and others.

By navigating your way through this booklet, you can engage with children to make learning about safety fun, encourage safe behaviour, and reinforce the importance of the use of Personal Protective Equipment (PPE).

Personal Protective Equipment, or PPE is designed to protect the wearer's body from injury or infection and includes protective clothing such as helmets, goggles, high-visibility vests and safety boots.

Activity 1: PPE

Circle the 4 most important items of PPE you should wear when visiting a construction site to help keep you safe.

Sunglasses

Hard Hat

Safety
Gloves

Woolly
Hat

Watch

Safety Boots

Hi-vis Vest

Trainers

Activity 2: Safety Poster

Create your own safety poster below.

Challenge -
draw around
your hand to
design your own
safety gloves.

Activity 3: Maze

Help Jack and Jill find their way safely through the construction site. You may have to find another route if you come across a hazard along the way!

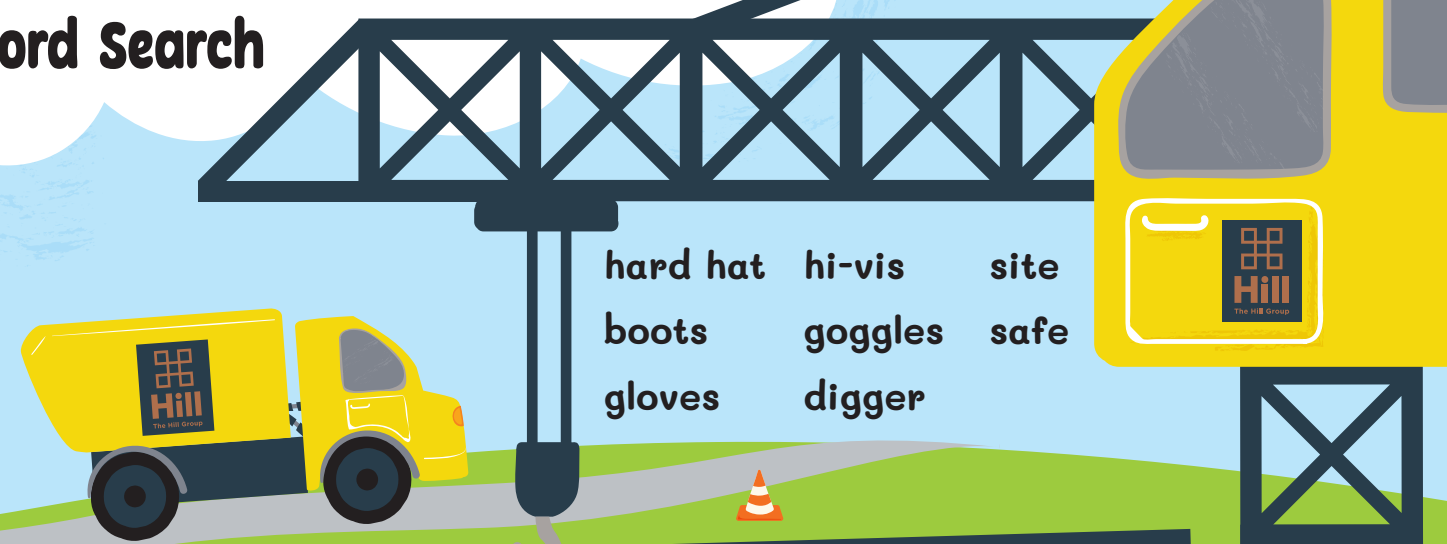

Activity 4: Warning Signs

Activity 5: Can you spot 4 differences in the pictures of Jack and Jill below? Spot the Difference

Activity 6: Find the words below. Word Search

Activity 7: True or False

How much have
you learnt from this
construction safety
activity booklet?

You must wear protective gloves, a
hard hat, hi-vis vest and safety boots
when visiting a construction site.

True

☐

False

☐

Once you have entered a construction
site, you are free to explore.

☐☐

You should tell someone straight away
if you see a hazard that could harm
you or somebody else.

☐☐

You should always follow any safety
paths marked out when walking
around a construction site.

☐☐
