PART EXCHANGE WITH HILL* FOR COMPLETE PEACE OF MIND

Enjoy a more straightforward and less stressful move with Hill's Part Exchange scheme, so you can spend more time planning for life in your new home.

Benefits of Part Exchange

Peace of mind and a more straightforward selling process

No agent's fees to pay

No long chains

Make plans based on an expected moving-in date**

How Part Exchange works

Choose your new home

We will obtain three independent valuations on your current property

Within a week of receiving these valuations, we will make an offer to buy your current home
(subject to criteria)

Once you've accepted our offer, you can go ahead with your new purchase

YOUR QUESTIONS ANSWERED

WHO IS ELIGIBLE?

- Your current property needs to be your main residence and in England.
- The valuation of your current home must be no more than 60% of the new home you are purchasing.

HOW IS THE PART EXCHANGE OFFER DETERMINED?

- You will need to provide access for our appointed selling agents determined by Moving Made Easy (MME) who will manage the sale, and our own representative within two days for the valuations and inspection of your existing home.
- Offers made take into account current market conditions, market research on similar product availability within the local area, comparable properties sold or on the market, agent feedback and valuations.
- We base our offer for your existing property on a price to achieve a sale within four to six weeks.

WHAT HAPPENS WHEN A PART EXCHANGE OFFER IS ACCEPTED?

- Once our offer is accepted, the part exchange is subject to survey and report on title.
- We aim to get your property surveyed within a week of you accepting a part exchange offer and completing reservation paperwork on your new Hill home.

- Local estate agents will be instructed immediately to start marketing your part exchange property. This will be subject to the completion date of your new Hill home.

ARE THERE ANY OTHER CHARGES?

- Reservation fee for your new Hill home.
- Stamp duty is payable on your new Hill home as with any standard property sale.
- You need to pay sale and purchase conveyance fees.
- You will need to provide an Energy Performance Certificate and Gas Safety Certificate for your current home, charges for which apply.

WHY SHOULD YOU USE PART EXCHANGE?

- You can be sure of securing your new home from Hill.
- There will be no endless chain chasing – we are your cash buyer.
- You won't have to pay agent's fees as we pay them on a Part Exchange.
- You won't be subjected to the pressures of selling your home.
- You'll be able to make plans based on an expected moving-in date**.
